

# LEMON

All things LEMON ROADMAP

Q3 – Q4 2024

## Vision

Daily Zoom introducing all things Lemon, including the mission, vision and values.

## Lite Paper

Review all L2 project details through the technical Lite Papers. Learn about tokenomics, number of NFTs, minting process and more for each individual project. Each project's Lite Paper will be available prior to minting and staking.

## Partners

Lemon has partnered with some of the biggest names in the world bringing millions of users and billions of views to the platform. More partners being announced regularly.

## Mass Media

Lemonaid will conduct a series of go to market campaigns, including press releases, mass media advertising and sponsorships to create name brand recognition across the world.

## Lemon LAUNCH

In conjunction with the sponsorship of a global crypto event, Lemon will throw the largest crypto party the world has ever seen.

## DAPP/App

Access foundational and partner projects through Web3 technology.

## Minting

Once a project is listed on the dApp the minting function will become available. Please see the Lite Paper for supply and other details as they may vary for each project.

## DEX

All projects will list on a DEX within 90 days of NFT staking, eliminating long delays before you can sell and share your tokens with the world.

## Exchanges

Lemon will launch on 7 exchanges with promotional campaigns seen by over 100 million users through brand partners.

## Layer 1

Lemon will launch the foundational piece of its L1 and migrate to its own chain. ALL THINGS LEMON ARE HERE! ARE YOU READY??
