Crowdfunded crypto projects

Crowdfunding has emerged as a significant force in the world of cryptocurrency, offering a way to fund projects and ideas through collective contributions. This method leverages blockchain technology, enabling individuals to invest in startups and initiatives by purchasing tokens or other digital assets. [🔗](#)

Here are some examples of notable crowdfunded crypto projects:

Top projects by funds raised

- **EOS:** A blockchain operating system that raised \$4.1 billion through its crowdfunding campaign on the Ethereum platform.
- **Filecoin:** A decentralized data storage application that raised \$257 million.
- **Tezos:** A self-governing blockchain project that raised \$232 million.
- **Ethereum:** A pioneering crowdfunding success story, Ethereum raised over \$18 million in Bitcoin during its ICO in 2014, paving the way for decentralized applications.
- **The DAO:** A decentralized autonomous organization that raised \$160 million in Ether (ETH).
- **Polkadot:** A multi-chain framework that aims to connect different blockchains, raised over \$140 million in its ICO.

Cold Storage Coins

- Two types of wallets - Hot and Cold
- Hot wallets, like a checking account
- Cold wallets, like a savings account
- Receive Coin(s) when purchasing a mining seat
- Cold Storage Coins are where your mining seat output is automatically sent
- Public key on the outside (to send crypto to)
- Private key under sticker (to take crypto off of)
- Single use (like smashing a piggy bank when it's full)
- **KEEP YOUR COIN SAFE.** We do not store any backups to get your funds off of a coin!

Textit Coin: The Money Revolution

How to Ride the Next Big Wealth Wave with Real Crypto, Real Mining, and Real Freedom

What if you could go back in time and invest in Bitcoin before it exploded?
Textit Coin isn't a second chance — it's your next chance.

In this bold, no-fluff guide, you'll discover the story behind Textit Coin — a revolutionary cryptocurrency built on proven tech, mined in Texas, and designed to empower everyday people through daily crypto rewards and a mission-driven economy.

You'll learn:

- Why crypto is no longer optional — and what's coming next
- How Textit Coin works (and why it's not a meme coin or hype play)
- How to earn daily tokens through a plug-and-earn mining system
